

Enrichment Opportunities Fall/Winter (October-December 2017)

If your child is an afternoon friend, he/she will be included in the Enrichment Program as part of their day. Morning friends will be able to sign up for Enrichments of their choice. They will bring their lunch so that they may enjoy an afternoon which includes recess, Montessori work in their classroom, and the Enrichment of the day. The hours are 12 pm – 3 pm

	Mondays: Art	Tuesdays: Music	Wednesdays: Kindergarten Circle	Thursdays: Creative Movement	Fridays: Science
	 Students will draw inspiration from different artists and illustrators to explore and to create. A variety of media will be utilized including drawing, painting, printmaking, and more. Students will have the opportunity to increase their artistic awareness, self-expression, and fine motor development.	<p>The class will focus on learning new songs and all different types of music genres. Every two weeks the focus will be on a different musical style, such as music from different countries, as well as music from different decades, styles, composers, and singers: from Mozart to the Beatles. Students will also learn about music from technology, incorporate instrument use and musical movement.</p> 	 During Kindergarten Circle friends will have an opportunity to work together. Topics to be covered include: literacy (both reading and writing), creative dynamics, science and music.	<p>Creative movement is the act of using the body in thoughtful ways to express, feel, and explore into new possibilities. Classes are inspired by nature, literature, and the elements of dance to facilitate a joy of movement and an awareness of the self. Threads of yoga will be woven in to access a sense of calm, strength, and flexibility.</p> 	 Science is everywhere! We will learn to think like scientists by observing, classifying, and experimenting. We will hypothesize using the 'Guess, Test, Find Out!' method. We will study the properties of matter, chromatography, capillary action, and much more through hands-on manipulation and discovery. It will be a fun (and often messy) way to find out more about the world around us!
October		\$ 144.00 <input type="checkbox"/>	\$ 115.00 <input type="checkbox"/>	\$ 115.00 <input type="checkbox"/>	\$ 86.00 <input type="checkbox"/>
November	\$ 115.00 <input type="checkbox"/>	\$ 115.00 <input type="checkbox"/>	\$ 115.00 <input type="checkbox"/>	\$ 86.00 <input type="checkbox"/>	\$ 58.00 <input type="checkbox"/>
